GLOSS SCALE

TECHNICAL DATA:

- Flash Point: >200F (>93.3C)
- Appearance: Tan/Light Brown
- Physical State: Thick pourable cream
- Odor: Characteristic
- Specific Gravity: 1.05 g/cm³ 8.76 lbs/Us Gal (H₂O = 1)
- Dangerous Goods: Not regulated - US DOT, IATA, IMDG

DESCRIPTION:

PRO WAX leaves an amazing showroom finish on new or used paint. Incredible to work with, easy on easy off, PRO WAX helps restores color and gloss to lightly oxidized surfaces. Eliminates streaks and haze. Contains carnauba wax delivering a detergents resistant technology via amazing polymers for a wet-look shine. VOC compliant.

DIRECTIONS OF USE:

Shake well. Use in the shade. Hand use: Spread with polish sponge using circular motion. Let dry completely. Buff to a shine with polish cloth, rich clean microfiber towel or orbital polisher. Orbital use: Apply to microfiber bonnet or soft foam pad with dual orbital on, spread evenly over entire painted surface. Let dry completely. Polish to a high gloss. High speed buffer use: Use a clear coat polishing pad or foam pad. Buff while wet using medium pressure. Lightly by hand complete the wipe down to a hi gloss.

1. Can be used on a dry or wet surface, ensure the surface is clean.

2. Shake before use.

3. Apply to applicator.

4. Apply by hand with cloth or foam wax applicator, or by D. A. at a low speed.

5. Remove with a clean soft microfiber towel, keep flipping the towel for max gloss.

HEALTH & SAFETY

Can cause eye irritation. Excessive inhalation may cause respiratory irritation. Ingestion can cause gastrointestinal irritation. Prolonged skin contact may cause slight irritation. Eyes: Flush with water for 15 minutes, call physician if irritation persists. Inhalation: Remove to fresh air, call physician if irritation persists. Ingestion: Do not induce vomiting, call physician.
